Brought to you by

Water Hero Mission!

Ready to become a Water Hero?

Each week, take on a new Water Hero Mission at home. Every card gives you a water-saving or awareness challenge to try, plus a hint to help you complete it.

Share your progress with your class and earn points on the leaderboard. Every mission helps you build water-wise habits and shows how small actions can make a big difference.

YOUR MISSION THIS WEEK

Take a 4-minute shower

Listen your favourite song!

YOUR MISSION THIS WEEK

Find one leak or drip at home

If you find a leak, let an adult know!

YOUR MISSION THIS WEEK

Turn the tap off while brushing your teeth

Turn it back on only when you need to rinse.

YOUR MISSION THIS WEEK

Share one water-saving tip with your family

Pick something simple that people could start today.

YOUR MISSION THIS WEEK

Catch the cold water at the start of a shower and use it on plants

Ask an adult for help if you use a bucket.

YOUR MISSION THIS WEEK

Spot 3 places water is used in your home

Don't forget to check outside too!

YOUR MISSION THIS WEEK

Draw a sign reminding people to save water

Keep it short and easy to read.

YOUR MISSION THIS WEEK

Remind someone to turn the tap off when they do not need it

Be kind and helpful, not bossy.

YOUR MISSION THIS WEEK

Make sure the dishwasher is full before it is run

Ask an adult if there is room for a few more dishes.

YOUR MISSION THIS WEEK

Make sure the washing machine is full before it is run

Ask an adult if there is space for a few more clothes.

YOUR MISSION THIS WEEK

Give leftover pet water to the garden

Check with an adult before watering your plants.

YOUR MISSION THIS WEEK

Check that no taps are dripping before bed

Check the bathroom, laundry and kitchen.

YOUR MISSION THIS WEEK

Put mulch around a plant or garden bed

Don't forget to wear gloves!

YOUR MISSION THIS WEEK

Help wash fruit or vegetables without wasting water

Use a bowl and pour the water in the garden.

YOUR MISSION THIS WEEK

Find one way water helps your family

Think about how does your family use water every day?

YOUR MISSION THIS WEEK

Water one plant using saved water

Try using water left in a cup, bottle or bowl.

YOUR MISSION THIS WEEK

Count how many taps are in your home

Check the kitchen, bathroom, laundry and outside.

YOUR MISSION THIS WEEK

Find one way your school could save water

Think about taps, bubblers, toilets, gardens or signs.

YOUR MISSION THIS WEEK

Count how many times you use water before school

Remember to count breakfast and getting ready.

YOUR MISSION THIS WEEK

Water plants in the morning or evening

Cooler parts of the day help water soak in better.

A vibrant blue background featuring stylized water splashes and bubbles. The text "WATER NIGHT" is in white, bold, sans-serif font at the top left. Below it, "WATER HERO" is written in a larger, white, bold, sans-serif font, with a yellow mask icon replacing the letter 'H'. A red cape is draped over the word "WATER". Below "WATER HERO", the word "Leaderboard" is written in a white, bold, sans-serif font. A yellow trophy is positioned at the bottom right.

Water Hero Mission

Teacher's Guide

The “Water Hero Mission” cards are for students in Years 2 – 6 to make learning about saving water a fun and engaging challenge!

Pre-activity vocabulary and concepts students should be familiar with:

- Water, tap, drip/leak, conservation, waste, rainfall, drought, scarce, resource, environment, habit.
- Water is a limited resource that needs to be used carefully
- Small everyday actions can make a big difference
- Everyone at home has a role to play in saving water
- Dripping taps and long showers waste more water than most people realise

Preparation: Print and cut out the cards.

Teacher task: Explain to students that they will take a set of cards home and try to complete as many water saving actions as they can. Each day they complete a mission they can report back and earn a point on the class water saving chart. Display the chart in the classroom so students can see each other's progress and stay motivated.

Student task: Take your cards home and try to complete as many water-saving actions as possible. Each time you complete one, remember it so you can tell your teacher the next day and earn a sticker or tick mark.
